Order the ASPIRAS calendar

To celebrate the beginning of the new year ASPIRAS presents you with a photo calendar. It contains selected motives from nature for each month – in the style of our “take a break” website. Folded it fits into any handbag – opened it has the size of a A4 sheet, excellently suited as a friendly title page in “boring” files. Folded appropriately it may serve as a decorative desk-calendar or can bring some variety to your pinboard. If you want to make the ASPIRAS calendar your own just order it using the [contactform](#), or send an email to: isenhoefer@aspiras.de

Being creative with the ASPIRAS calendar

How do you utilize your photo calendar – for overview, as a timer or as a waste calendar? We are looking forward to your feedback under pauly@aspiras.de.

Good to know

Did you know that all company and financial data required for publication by German law for e. g. limited liability companies (GmbHs) and commercial partnerships are publicized via the internet in Germany since the beginning of January 2007?

The new information source under the responsibility of the federal ministry of justice, which controls the data and annual accounts of the companies, is made available for all citizens at <http://www.unternehmensregister.de>

Take a break!

Allow yourself a time off and take a creative break. For this purpose we're providing a wise saying which is accompanied by a seasonally adequate photograph and relaxing music.
